Application for a lended laptop

Starting in the summer semester 2022, a total of 20 lended laptops will be provided on a semester-by-semester basis through the Studium Digitale project. Fifteen will be available to students who find themselves in financial difficulties. The purpose is to ensure, that students can participate in their studies and in digital teaching formats. Five laptops are available for special work situations regardless of need. All computers are equipped with Affinity and Adobe.
