

internship opportunity for all design students at our packaging design studio

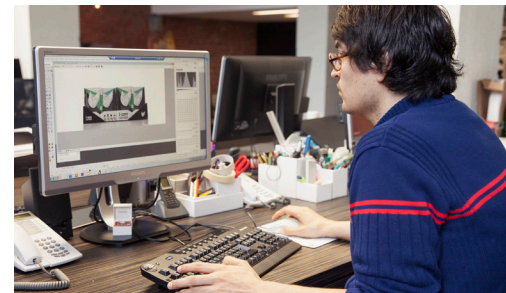

More from Less Brussels is offering internships for design students at our packaging design studio in Brussels, Belgium.

To complement the international design team, we offer this opportunity to product, graphics and 3D design creatives, to pick up working experience in our packaging design agency.

Here you can work on future projects for global FMCG brands, consumer electronics and luxury brands in a wide variety of materials. And together we bring the concepts to life with 3D renders and produce prototypes in our workshop.

And of course, have a fun time in the capital of Europe!

Please find below the profile description of the design student skillset we would be offering these work experiences to.
