topping!
Dachkonstruktion
Roof construction
Bestehend aus einer Kompression-Ring, einer Spannring und einer gestreckten Stoffmembran, schützt die Dachkonstruktion die Besucher vor Regen und Sonnenschein.
Consisting of a compression ring, a tension ring and a stretched fabric membrane, the construction protects the visitor from rain and sunshine.

Stoffmembran
Fabric membrane

light up!
Außenhaut
Outer skin
30 Wandpaneele bilden die Außenhaut der Inszenierung, wobei ein jedes Wandpaneel mit 40 Wassergallonen bestückt ist.
Die einzelnen Gallonen in den Wänden sind mit LED Lampen versehen und transportiere die Handlungen des Aktionsbereiches auf den Marktplatz.
30 wall panels form the outer skin of the staging. Each panel is equipped with 40 bottles.
The walls have LED-light installations inside that transport the interactions of the action zone to the market place.

MDF, weiß beschichtet
MDF, white covered

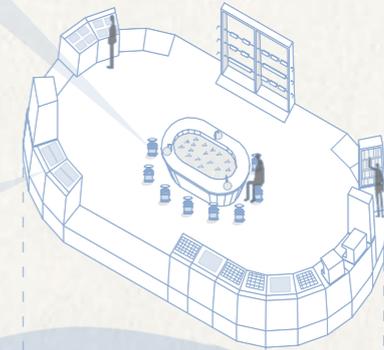

cheers!
Wasserfilteranlage
Water filtration
Das Regenwasser wird aufgefangen, gefiltert und kann schließlich als Erfrischungsgetränk gezapft werden.
The rain water gets collected, filtered and can be tapped as a refresher after that.

relax!
Rastplatz
Resting area
Getränke und Sitzmöglichkeiten laden zum Verweilen, Kommunizieren und Beobachten ein.
Drinks and stools invite visitors to sit, communicate and watch.

action!
Aktionsbereich
Action zone
Sechs Abteilungen geben den Besuchern Spielraum, selbst aktiv zu werden und mit ihrer Wasserkreditkarte einkaufen zu gehen. Ob Fleisch, Gemüse oder Milch, alles kann in den Warenkorb. Wie viel Wasser man beim Kauf der einzelnen Produkte verbraucht, veranschaulichen die Lichtinstallationen der Außenwände.
Six departments give the visitor some room to become proactive. No matter if you buy meat, vegetables or milk. How much water is spent buying the products is demonstrated by the light installations in the bottle walls.
