

Unerhörte Töne (greifbar machen) in concerto

Concerto Neuwerk No.1, Satz 1

[illegible]

Concerto Neuwerk No.1, Satz 2

Figure 1 displays the evolution of the number of nodes in the network over 10 time steps for five different agents: Max, Yiyun, Jakob, Shuyun, and Simon. The y-axis represents the number of nodes (0 to 10), and the x-axis represents time steps (0 to 10). The plots show that the number of nodes generally increases over time for all agents, with some agents (Yiyun and Simon) showing a sharp increase at time step 5.

Concerto Neuwerk No.1, Satz 3
